

STATE OF MISSOURI
OFFICE OF STATE PUBLIC DEFENDER

Title: Server Pre-Bid Notification

To Request the Final bid with Quantities email:

Mary.willingham@mspd.mo.gov

Missouri State Public Defender is announcing the bid of 20–35 servers before June 06, 2008.

The servers should be either HP or Dell with the following configuration:

- 2 Quad Core Xeon, 1333MHz FSB
- 16 GB Ram
- 3 TB of Hard Drive space
- RAID controller
- SATA hard drives are Ok.
- Extra slots for expansion a plus
- Dual power supply
- Dual Gig Ethernet
- DVD
- Rack mount with rails (2 or 3 U preferable)
- Basic remote management capabilities

We are currently using HP 1/8 Tape Autoloader with an HP Ultrium 230 or 232 tape drive and CA Brightstor ARCserve. The new server must have a SCSI controller that will work with this hardware/software combination or be compatible with the HP Smart Array 4500 EM controllers that we currently are using.
